

What's Up at Snowcrest Junior High - September 2022

It's great being back at school. Seeing the student's smiling faces, energetic attitudes and a new outlook on life is exhilarating.

We are excited for the new staff members who have joined the Snowcrest team.

**Welcome Back
Assembly was a hit!**

**We love Fabulous Fridays!
Corn Hole, Can Jam, and
music bring an upbeat
energy to our lunch.**

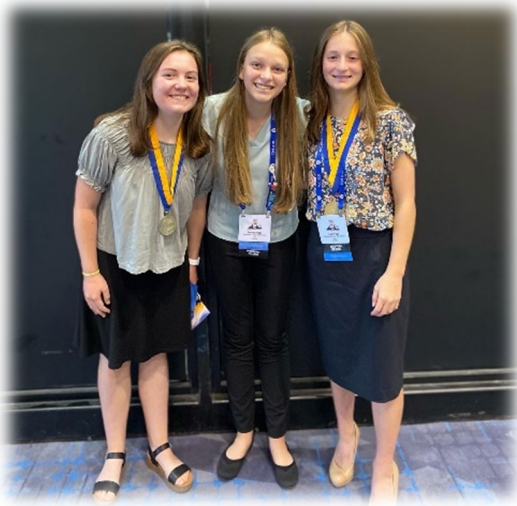

"After winning 1st place at State Conference, six Snowcrest TaP1 Skyhawks flew to this summer's Educators Rising CTSO National Competition. 2022 National Conference was held in Washington, DC! Students were able to visit important sites in our nation's capital, attend Ed Rising's fabulous and professional meeting at the DC Hilton, and put Utah on the CTSO's map by taking home TWO medals! Sydnie Fonoti and Rosalie Songer took 1st Place in the nation in the Children's Book event. Penelope Miller took 3rd Place in the nation in the Lesson Planning - Humanities event. It was an incredible experience for these talented young women to all network and mingle with like-minded future educators. Let's see if we get a chance to go to nationals in Orlando this coming summer of 2023!"

FBLA Nationals

This last summer three of our FBLA members Penelope Miller, Leah Page & Sophie Riggs had the extraordinary opportunity to go to the FBLA nationals competition in Chicago Illinois. They had the opportunity to visit the Shedd aquarium, the bean, Navy Pier, the Skydeck, take a tour of Chicago's beautiful architecture, and meet many other FBLA members from around the world. There were many learning opportunities during the conference where they discovered how to be great leaders, and how to conquer high school. During the competitions all of their hard work preparing for nationals paid off. Penelope was awarded 2nd in digital citizenship, Sophie was awarded 9th place in elevator speech & Leah was awarded 10th in exploring computer science. Way to go, Snowcrest is proud of you!

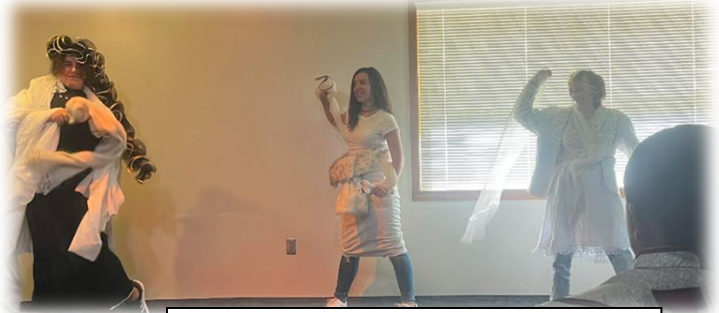

Snowcrest students had the opportunity to play in Weber High's pep band during the Friday night football game.

Mrs. Inglefield's class TaP1 students are learning about the 8 Learning Styles of Howard Gardner. Each student duo is creating a specialized school for a specific learning style, and coming assignments will revolve around these buildings and how they come together in public education proper.

Mrs. Harris' Theatre class performing Lip-Sync renditions building confidence in performing, staging, physicality, gestures, facial expressions. "Speaking and Listening." Providing feedback.

Mrs. Harris' Theatre Classes studying costume design for their Greek Unit

Mrs. Harris' class play Vikings and Berserkers to help instill a lesson from the book, Icefall by Mathew Kirby
